Accessioning

A total of 275; 2000 card boxes of IBM cards were received from OCR/Machine Records Division. These cards are part of the intellofax system, and are dated from the beginning through 1949. As a result of this transfer, our requests for loan and retention copies of the old information reports should decrease considerable.

The Records Center has received from the Vital Material storage area, the map positives that had been placed there by ORR. No action will be taken to shelve this material until such time as a complete understanding is reached between ORR, OBI & Records Management Division as to the necessity of retaining this material.

Reference

Effective this date all request for information reports that have been published subsequent to 1 October 1954 will be returned to the requestor along with a copy of the attached memorandum.
